City of Akron Spousal Provision Information Sheet

Spouses of City of Akron employees that are covered on the City's Medical/Prescription benefit and who are eligible for health insurance coverage from their own employer must enroll in that coverage effective January 1, 2025 and thereafter, or the employee may be subject to a $150 monthly spousal surcharge for the spouse to remain on the City of Akron Medical/Prescription plan as primary. If a spouse enrolls on his/her employer's health plan, he/she may remain on the City of Akron Medical plan as secondary and not have to pay the $150 monthly spousal surcharge. The City does not coordinate secondary on prescriptions.

ACTION NEEDED during this Open Enrollment:
Employee must complete and return the Spousal Provision Form by January 3, 2025. If the spouse is working and not enrolled in his/her employer's plan, spouse must provide a completed and signed Spouse's Employer Certification of Coverage and must submit all plan designs, all employee contributions and any employer contributions.

Situations when the surcharge would apply due to your spouse not enrolling on his/her employer's plan:

- Employee does not return the Spousal Provision Form.
- Spouse is offered employer sponsored coverage that does not meet the waiver criteria and spouse does not elect that coverage and remains on the City of Akron plan as primary.

Situations when the surcharge would not apply (waiver criteria):

- The spouse does not work or works but is not offered/not eligible for benefits.
- The spouse has primary coverage at his/her place of employment and enrolled in the City of Akron plan as a dependent with the City's plan providing coverage on a secondary coordination of benefit basis (Medical only). Employee will be required to pay the family rate and the birthday rule will apply for dependent child(ren), if they are eligible dependents.
- A spouse whose employer charges monthly single contributions greater than or equal to $150 per month can remain on the City's plan without Surcharge. If the employer offers multiple plans with lower contributions, then the $150 spousal surcharge would apply regardless of the plan the spouse elected.
- A spouse whose employer's net single deductible is greater than or equal to $1,000 a year can remain on the City's plan without Surcharge. If the employer offers multiple plans with a net deductible lower than $1,000, then the $150 Spousal Surcharge would apply. Proper documentation from spouse's employer is required (See Spouse's Employer Certification of Coverage form).
    - Net Deductible Example: if employer offers a $2,000 High Deductible HSA plan but contributes $1,500 to help cover the cost of the deductible then the net deductible is $500. In this scenario, the spouse would have to pay a Surcharge to remain on the City's plan as primary.
- The spouse provision is not intended to apply to retired spouses of City employees.

Additional Information

- Coordination of Benefits applies to Medical only. There is no secondary coverage for Prescriptions.
- Dental deductibles, vision deductibles, and voluntary HSA contributions do not count toward the criteria.
- If you are a self-employed/business owner and you offer an employer sponsored plan to your employees, the spousal provision criteria will apply.
- If a spouse experiences a qualifying event that results in a loss of coverage at his/her place of employment permissible under Section 125 of the Internal Revenue Code plan, the spouse may enroll in the City of Akron medical/prescription plan and the surcharge will not apply. Examples of qualifying events may include, but are not necessarily limited to:
    - Reduction in work hours, termination of employment, a strike or lockout resulting in loss of coverage;
    - Commencement of unpaid leave of absence;
    - A change in worksite or place of residence of the spouse.

Should the spouse gain employment or access to his/her employer health plan during the plan year, the City must be notified within 31 days of the available coverage. If the newly available coverage meets the criteria for spousal surcharge, the employee will be subject to the surcharge if the spouse chooses not to elect his/her employer coverage.

If an employee fails to notify the City of Akron of a change in his/her Spouses eligibility status, this may constitute fraud and it may be subject to consequences including, but not limited to, reimbursing the City for expenses paid while not eligible under the plan.
